---

*Ingenious software engineer with practical website development experience from my time at Biz4Group. Beginning my studies at Georgia Tech in fall 2023, I'm eager to leverage my expertise to tackle complex challenges in the software engineering field. With my sharp analytical mind and relentless pursuit of excellence, I'm confident that I can make valuable contributions to the industry.*

## PROFESSIONAL EXPERIENCE

---

### Biz4Group

Frontend Software Developer Intern

Orlando, FL

2022–2023

- Designed and built the frontend of multi-million-dollar e-commerce platforms in React and TypeScript, collaborating with a cross-functional team to deliver exceptional user experiences.
- Developed and implemented comprehensive digital marketing strategies to increase brand awareness and online conversions.
- Actively participated in code reviews, consistently adhering to industry standards and best practices to ensure the codebase's quality and integrity.

### Orange Technical College

Robotics Intern

Orlando, FL

2021

- Working closely with cross-functional teams to bring robotic systems to life, I was involved in every step of the process, from prototyping and construction to programming, wiring, and utilization.
- Presenting the research and project results to the team and senior management, demonstrating the ability to communicate complex technical information clearly and effectively.

## PROJECTS

---

### Portfolio

<https://bespoke-kashata-720dae.netlify.app/>

- React-based frontend app showcasing additional projects, work experience, and knowledge.

### Whisper

<https://tourmaline-lokum-48d4d3.netlify.app>

- Chat app utilizing Firebase authentication, storage, and database as well as Zod validation.

### Twitter-Clone

<https://beamish-brigadeiros-dd3b11.netlify.app>

- Clone of Twitter home page using Firebase for CRUD functionality.

## EDUCATION

---

### Georgia Institute of Technology

Computer Science Major  
Starting Fall 2023

Orlando, FL

2023–Present

### Orlando Science High School + University of Central Florida

AP Scholar with Distinction, Early Admission Program, Computer Science Major  
(GPA: 4.0/4.0)
