Frontend Developer with proven experience at Biz4Group seeking a challenging and dynamic role to apply technical skills to maximize user efficiency. Aiming to join a team of talented developers and make a positive impact in a fast-paced and innovative work environment while delivering high quality software solutions.

PROFESSIONAL EXPERIENCE

Biz4Group

Frontend Software Developer Intern

Orlando, FL

2022–Present

- Designed and built the frontend of multi-million-dollar e-commerce platforms in React and TypeScript, collaborating with a cross-functional team to deliver exceptional user experiences.
- Developed and implemented comprehensive digital marketing strategies to increase brand awareness and online conversions.
- Actively participated in code reviews, consistently adhering to industry standards and best practices to ensure the codebase's quality and integrity.

Orlando Science Schools

Volunteer

Orlando, FL

2021-2022

- Directly tutored and mentored over 50 elementary school students in math and science, preparing them for standardized tests and encouraging academic growth.
- Created and implemented an innovative custom computer program to provide personalized instruction for each student, resulting in improved learning outcomes and increased student engagement.

Orange Technical College

Intern

Orlando, FL

2019

- Working closely with cross-functional teams to bring robotic systems to life, I was involved in every step of the process, from prototyping and construction to programming, wiring, and utilization.
- Presenting the research and project results to the team and senior management, demonstrating the ability to communicate complex technical information clearly and effectively.
